You Grow, We Grow

about.cre8tivenow.com

We believe we can help the SMEs in digital transformation with limited resources

Timeline

Founded

Inspired by a local training and development company that trains the basic use of technology among elderly.

Entrepreneurship

Our team decided to swift our focus to provide products and services to local and international customers after gaining experience and developed a number of automation projects.

Enhance

We got our [Google Partner status](#). Our team are moving to focus more on providing Google Workspace seminars, licensing and services.

2019

2021

2022

Experience

From 2017 to 2019, transformed multiple NGOs in Penang digitally with Google Workspace. Automation projects is also carried out to utilize technology to ease workflow and workload of members.

Grow

We started to receive projects and orders from local and international company. Some of our international customers coming from United States, Lithuania, Portugal, Thailand, Philippines, Italy, Australia.

2017
